

DAY'S DOINGS OF NORTH SCRANTON

COWARDLY ASSAULT MADE ON A TROLLEY CAR CONDUCTOR.

Handful of Dust Thrown in His Eyes by a Youth Who Made His Escape—Tonnaluka Tribe, Red Men, Elects Officers—Mr. and Mrs. White, of Amelia Avenue, Entertain—Rally Day Exercises of the Providence Presbyterian Sabbath School—Organ Recital

A conductor on a south-bound Freeville trolley car was the victim of a most contemptible trick perpetrated by a young miscreant Friday night at Freeburg. The conductor was about to step from the car to change the signals, when the boy ran up and threw a handful of dust square in his eyes.

The conductor was blinded and had to be led into the office of Dr. Kennedy, where his eyes were attended to. He suffered excruciating pain.

The motorman on the car endeavored to ascertain the identity of the young scamp, but his efforts proved futile. Efforts will be further made to find him out and if successful it will go hard with him.

LIVE NEWS OF WEST SCRANTON

NEW CROSSING ON WEST LACKAWANNA AVENUE.

Will Minister to the Comfort of Those Who Have Occasion to Use the Trolley Cars to This Part of the City—Funeral of Mrs. J. A. Mears—Interment Made in Dunmore Cemetery—Other Happenings of This Part of the City.

Though hardly to be credited unless seen, a change is being made at the West Lackawanna avenue crossing that will be of great benefit to persons having had in the past, or who expect to have in the future any cause to ride to West Scranton aboard the Scranton Railway company's cars. The improvement, which is already actually under way, will be change things that hardly a jolt will be perceptible while crossing the Delaware, Lackawanna and Western railroad tracks. For a long time efforts have been made by the Scranton Street Railway company towards obtaining permission to lay a double track system of crossing so that smooth passage could be obtained. The Delaware, Lackawanna and Western company was obturate and the jolting and rocking and splashing of soft mud upon passengers in open cars was only mitigated from time to time by minor repairs.

The crossing was made in such a manner that the stretch of the Delaware, Lackawanna and Western railroad tracks was unbroken and the streets cars jumped over them, that is over each rail. Now, however, all this is at an end.

A large force of Delaware, Lackawanna and Western and Scranton Street Railway employes began yesterday morning to set up the old rails and relay the new crossing. Little time was wasted in laying a section and bolting the connections in either direction, as each section was in shape to put in place. It is intended that by this morning the whole thing will be completed.

The rail is part conductor, is carried through the frog connection by heavy cable wire in such a manner as to prevent the current running wild in the Delaware, Lackawanna and Western tracks.

PERIODS OF PAIN.

Menstruation, the balance wheel of woman's life, is also the bane of existence to many because it means a time of great suffering.

While no woman is entirely free from periods of pain, it does not seem to have been nature's plan that women otherwise healthy should suffer so severely.

Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition that produces so much discomfort and robs menstruation of its terrors. Here is proof:

DEAR MRS. PINKHAM—How can I thank you enough for what you have done for me? When I wrote to you I was suffering untold pain at time of menstruation; was nervous, had headache all the time, no appetite, that tired feeling, and did not care for anything. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, one of Blood Purifier, two boxes of Liver Pills, and to-day I am a well person. I would like to have those who suffer know that I am one of the many who have been cured of female complaints by your wonderful medicine and advice.

—MISS JENNIE R. MILLS, LEON, WIS.

If you are suffering in this way, write to Miss Miles did to Mrs. Pinkham at Lynn, Mass., for the advice which she offers free of charge to all women.

STRONG MAN ARRESTED.

When He Broke a Stone Post the Police Ran Him In.

John Brosart, of Jackson street, was arrested Saturday evening by Patrolman Matthews, and at a hearing before Alderman Moses yesterday morning was fined \$5. The charge against Brosart was "drunk and disorderly," but the docket upon which the prisoner's offense is recorded tells a more explicit story.

Brosart had been drinking heavily all day Saturday, and towards evening grew hilarious and strong. To stem or relieve the rising tide of his bibulous strength and hilarity, he tore a sign from in front of Pharmacist Mungrave's store and later broke a stone post in two. What he might have succeeded in further accomplishing can only be conjectured, for his arrest occurred just at this point and the reaction set in.

By morning he had no more than strength enough to pay his fine.

HAPPENINGS OF SOUTH SCRANTON

FAIR BEING PLANNED FOR ST. JOHN'S CHURCH.

Proceeds Will Be Devoted Toward the Fund for a New Church Structure—Committee Has Begun Work. Number of Social Events—Team of Horses for Neptune Engine Company Are Given a Satisfactory Trial—Hugh Gilmore Injured in a Runaway Accident.

In St. John's church yesterday it was announced by Rev. E. J. Melley, the pastor, that a fair would be held during the Christmas holidays under the auspices of the congregation. To put the movement in definite shape a meeting of the male members of the parish was held in the church basement hall last night. It was attended by the major portion of the men, and was presided over by School Controller John Gibbon.

The work incident to conducting the responsible and arduous task was entered into by all present with enthusiasm. Committees and sub-committees were appointed and various details were discussed. The men who will surround Father Melley in the undertaking are indefatigable workers in every good cause in which their services are enlisted.

The money to be realized from the fair will be paid into the fund for the proposed new church which the congregation of St. John's is much in need of. Under the pastoral care of Father Melley the congregation has grown to large proportions and to him it has been reported for the past four years that the present edifice was inadequate for the needs of his flock. But Father Melley was greatly averse to burdening his parishioners with the expense of conducting a fair during such hard times as the country has recently passed through. Now that an era of prolonged prosperity is dawning, he deems it an opportune time for such a movement. That it will be a huge success is assured.

The lady members of the congregation will meet in the church basement tonight at 8 o'clock to formulate the programme of the work to be accomplished by them.

Officer.—How is it you have such sound teeth?  
Recruit.—I chew Battle Ax.  
Officer.—Does Battle Ax preserve the teeth?  
Recruit.—Look at mine.

Did you ever notice how few men who chew

have any trouble with their teeth? Battle Ax is a sound chew—sound in all its qualities—and men of sound judgment chew it in preference to any other tobacco. It is more good tobacco for the money than you can get in any other way.
